

# Charles Clay in Saarland 2017 - GFL South Power Adds a Bomb to Roster

Charles Clay (WR/DB/KR) of the Green Bay Packers signs with Saarland Hurricanes for 2017 season as athlete to be used on offense, defense, and special teams.

Charles Clay will make his presence known in the GFL this coming season with the Saarland Hurricanes, contributing to their high hopes of a breakthrough year in 2017.

After an illustrious college career at Hawaii University, Clay made stops at the Green Bay Packers '15 (NFL), Ottawa Redblacks '15 (CFL), and the LA Kiss '16 (AFL).

Alongside the wealth of knowledge and experience from a resume like Clay's comes 4.4 speed and 215 lbs of nastiness taboot.

Charles Clay came to the 'Canes through last years sensational import Wesley Miller of the Buffalo Bills. Needless to say, Wesley found a great man to fill his role in Saarbrücken. The 'Canes plan on using every opportunity to get the ball in Clay's hands; using him at a receiver, defensive back and in the return game.

"We have a good core of veterans returning this season. The addition of Charles Clay and his experiences will elevate the entire receiving corps, and offense as a whole." – Asst. OC Cory Goodman

Yet another reason for the Saarland Hurricanes to be excited about the 2017 season.
